## WATERLINE SECURITY SYSTEM

**Hu-Friedy**

The Team Vista Dental Unit Waterline Cleaner is a complete waterline security system for independent water bottles. It's the only system with an organic irrigant and a registered antimicrobial cleaner. VistaClean irrigant is an environmentally friendly aqueous solution derived from citrus botanicals to protect waterlines and equipment. VistaTab antimicrobial tablets are EPA-registered for cleaning and control of microbial contaminants. For more information, call **(800) 483-7433**.
